

# Driving on the beach at Cape Henlopen State Park

LEWES (May 3, 2013) – Cape Henlopen State Park will host Driving on the Beach workshops on Saturdays, May 11 and June 15, and Sundays, May 19 and June 2. Join park rangers and surf fishing experts to learn the rules and regulations, and get tips on safe driving, how to avoid getting stuck, and how to get unstuck.

Each program meets at the Seaside Nature Center at 9:30 a.m. for an indoor presentation. Depending on the weather, the group may go for a drive on the beach, so please bring your safe driving equipment (a low-pressure tire gauge, tow rope or chain, board, jack, and shovel). The fee is \$5 per person.

For more information or to pre-register, please call 302-645-6852. Park entrance fees are in effect. More information about public programs at Cape Henlopen or any Delaware State Park is available at [destateparks.com/programs](http://destateparks.com/programs).
